Dear Andri

Thank you for the email and instructions. I am liaising with my colleagues to have the letters of engagement drafted accordingly. Before doing so can you confirm the following:

- Who should be regarded as our client for the legal work;
- Who should be regarded as our client for the ongoing services in connection with the Company;
- Can you give us the client's preference in respect of the names for the two CLG's, the BVI protector company and the purpose trust?

Thank you & regards
